

Cut out and play

SNAP AND PAIRS

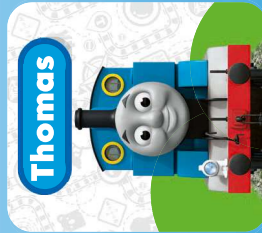

Once you've finished your magazine pull off the cover and **ask a grown-up** to carefully cut out all the engines.

1 Play snap! Deal out the cards between two players. Take it in turns to lay cards on top of each other. If two cards match shout "snap" and take all the cards. Get all the cards to win!

2 Play pairs! Lay all the cards face down on a table. Take it in turns to turn over two cards. If the cards match keep them and go again. The person with the most pairs wins!
